

THE ADMINISTRATOR OF THE ENVIRONMENTAL PROTECTION AGENCY

WASHINGTON, D.C. 20460

OCT - 5 2016

Donna M. Kenski, Ph.D.
Data Analysis Director
Lake Michigan Air Directors Consortium
9501 West Devon Avenue
Suite 701
Rosemont, Illinois 60018

Dear Dr. Kenski:

I am pleased to invite you to serve as a member of the Clean Air Scientific Advisory Committee for a term effective immediately and ending September 30, 2019. You would serve as a special government employee and would be asked to provide independent advice on technical issues underlying the EPA's national ambient air-quality standards. Your expertise in atmospheric sciences, air-quality modeling and air-quality monitoring would be a great asset to the committee.

As Administrator, I am committed to employing sound science in the EPA's pursuit of resolutions to a broad range of urgent environmental issues. Committee members' scientific and technical expertise, experience and innovation play critical roles in the success of the EPA's approach to environmental protection. I continue to rely on the committee for the expert guidance that is essential to the EPA's ability to protect public health and safeguard the environment.

The Clean Air Scientific Advisory Committee is organized under the Federal Advisory Committee Act, which regulates and governs its operation, including public participation and access to documents. Enclosed are copies of the current charter and *FACA Essentials at EPA*. To accept this invitation, please return the membership acceptance form using the preaddressed envelope provided. You also will be asked to complete a confidential financial disclosure on EPA Form 3110-48.

Should you have any questions or require more information, please contact Christopher Zarba, director of the EPA's Science Advisory Board Staff Office, at (202) 564-0760 or zarba.christopher@epa.gov.

I hope that you will accept this appointment so the EPA can benefit from your expertise and perspective.

Sincerely,

A handwritten signature in black ink, appearing to read "Gina McCarthy", is written over a horizontal line.

Gina McCarthy
